ETHNIC DAY

The CMR NPUC Ethnic day was held on the 23rd of December, 2011. The day began a new definition to colour and variety as students attired themselves in exotic Indian Ethnic wear 'Kurtas' among the boys and shimmering 'sarees' among the girls - the greatest picks. Teacher's day was celebrated on the same day by 2nd PU students handing out handmade cards and a few dances dedicated to the teachers. Children's day was also celebrated in a traditional dance by the teachers and not to forget the remake of 'Kolaveri Di' sung by Anitha ma'am and Jayashree ma'am. Finally, students were let into the spirit of Christmas and a new year by a few Christmas carols and a Santa Claus flinging chocolates amongst bemused students! Thus ended the Ethnic day on a merry note with all the gratitude towards students and teachers who made it a red letter day.....

COMMERCE DAY

Commerce plays a very important role in today's world. CMR National PU College hence declared to showcase the talents of the commerce students by conducting the Commerce Day.

Preparations for the exciting day began weeks earlier with tons of encouragement from the teachers. The air was filled with enthusiasm.

Finally the event ended with the fun-filled note still lingering in the atmosphere and a strong awareness of Commerce in our minds.

Evolution Of Commerce

ATOMOS

2011 was the international year of chemistry. To celebrate this, the Department of Chemistry, CMR National PU College has formed a Chemistry club 'ATOMOS'.

The club conducted the following events on the 19th and 20th of December 2011.

Many students participated in all the events with great enthusiasm & it was a good learning experience for the students

CROSS REACTION: Chemistry crossword puzzle.

CHEM CHARADES: Dumb charades based on chemical terms.

TREASURE HUNT: Hunting treasure using clues hidden in the periodic table.

In the ensuing years the club hopes to generate & involve all young people in many interesting activities.

The aim of the club is to make the learning experience interactive.

Environment day

The eco day was held on the 17th of December 2011 in the CMR NPS auditorium. It was a culmination of various events held during the week and not to forget the talk given by the renowned educationist and author Mrs. Prathibha Vinay. The talk on home remedies using various easily accessible plants was indeed informative. Mrs. Prathibha did an excellent job of discussing each and every common ailment of each part of the body. Common teenage problems like pimples, dandruff & bad breath drew a lot of interest. Their tips on how to make one's hair black & lustrous also had the audience enthralled. After interesting talk, prizes were distributed for various events held during the week. A report on various activities held in connection with the Eco day was read by Mrs. Latika Babu, the HOD of the biology Department. The most significant one being a trip to the Waste Management Unit in Kalyan Nagar by some of our biology students. The visit provided a fresh outlook on the problems of waste management and created a much needed awareness among the attending students. The day ended with a display of students' talents exhibited in the form of creative and thought provoking Power Point Presentation created by our very own students on the topic 'Nothing Is Waste' - sending home the message - Reduce, Reuse, Recycle.

A vibrant collage of sports-related images. The central text reads "SPORTS DAY (2011)" in a large, white, stylized font. Surrounding the text are several photographs: basketball players in action, a group of students posing together, and various outdoor sports scenes. The images are arranged in a dynamic, overlapping layout, capturing the energy of the event.
