There are also rumors of seemingly quite normal 30 km stretch of Russian country road, which nevertheless gets an unexplained amount of car accidents; the locals suspect underground gas seepage which causes motorists to fall asleep...

This creepy tale is supported by the evidence of car crash statistics and the tales of survivors, who do not remember anything prior to the crash and act strangely "drugged" afterwards. Hopefully this will be properly investigated before the road claims more victims.

Unknown facts about Harry Potter.....

1. WHEN Arthur Weasley takes Harry and his pals to the Ministry of Magic they must first dial a secret code into a telephone keypad. He enters the number 62442. The letters underneath those numbers on a standard mobile phone spell out the word "magic".
2. Natalie McDonald, who appears on page 159 of Harry Potter And The Goblet Of Fire, was a real person. She was a nine-year-old girl from Toronto, Canada, who was dying of leukemia. She wrote to JK Rowling asking what was going to happen in the next Harry Potter book as she would not live long enough to read it. The kind author kindly e-mailed back, but Natalie had died a day earlier. In tribute, she became a first-year student at Hogwarts named by the Sorting Hat in Gryffindor - the house for the brave at heart - in the fourth book. When Rowling was later in Canada for a promotional tour she visited the McDonald family.
3. There are 10 different species of dragons in the magical world of Harry.

Unknown facts about Albert Einstein.....

1. Einstein, the War Pacifist, Urged FDR to Build the Atom Bomb

In 1939, alarmed by the rise of Nazi Germany, physicist Leó Szilárd convinced Einstein to write a letter to president Franklin Delano Roosevelt warning that Nazi Germany might be conducting research into developing an atomic bomb and urging the United States to develop its own.

Although Einstein was a brilliant physicist, the army considered Einstein a security risk and (to Einstein's relief) did not invite him to help in the project.

2. The Saga of Einstein's Brain: Pickled in a Jar for 43 Years

After his death in 1955, Einstein's brain was removed – without permission from his family – by Thomas Stoltz Harvey, the Princeton Hospital pathologist who conducted the autopsy. Harvey took the brain home and kept it in a jar. He was later fired from his job for refusing to relinquish the organ.

3. Einstein Was a Fat Baby with Large Head

As the back of the head seemed much too big, the family initially considered a monstrosity. The physician, however, was able to calm them down and some weeks later the shape of the head was normal. When Albert's grandmother saw him for the first time she is reported to have muttered continuously "Much too fat, much too fat!" Contrasting all apprehensions Albert grew and developed normally except that he seemed a bit slow.

4. Einstein Failed his University Entrance Exam

In 1895, at the age of 17, Albert Einstein applied for early admission into the Swiss Federal Polytechnical School. “दीपक ये क्या था ? ”

“ कुछ नहीं दादी नीता के वचपन का विडियो देख रहा था।

कितनी डरपोक थी ना ? ”

“ठीक है मोवाइल अंदर रखो हम एयरपोर्ट पहुँचने ही वाले हैं। ”

दोनों एक दूसरे से आठ साल बाद मिल रहे थे। नीता दीपक के मामा की बेटी थी।

“दादी नीता को मैंने तस्वीरों में देखा, थोड़ी सी भी नहीं बदली है। वैसी ही चंचल नटखट आँखें मुस्कुराता हुआ चेहरा, लंबे घने बाल । ”

“अरे सामने देखो नीता आ रही है।

नीता को देखते ही दीपक खुशी से उसके पास भागा। दादा दादी दीपक और नीता कार में बैठ कर घर पहुँच गए। दादा और दादी अपनी जयसलमेर की पुरानी हवेली में रहते थे।

“तुम्हे पता है न नीता इस हवेली में कई ऐसी घटनाएँ घटी.... जो। ”

वस भी करो दीपक मैं अब छोटी बच्ची नहीं रही कि तुम मुझे भूतों की कहानियाँ सुनाओगे और मैं डर जाऊँगी।

नीता तुम्हे पता है यह सच है। मजाक बंद भी करो ।

“ठीक है और कुछ बताओ न तुम्हारी परीक्षा कैसी थी ? ”

बच्चों खाना लग गया है। “आए दादी। ” रात के खाने के बाद नीता अपने कमरे में

जा रही थी जब उसने एक खूफिया कमरा देखा। अंदर जाकर देखा तो दीवारों पर शानदार

महाराजाओं की तस्वीरें लगी हुई थी। नीता आगे बढ़ती गई सन्नाटा गहरा होता गया।

कहीं से पायल की छनछन सुनाई दी। जाँच करने वह आगे बढ़ी तो दंग रह गई। सामने दीवार पर

नाचती हुई औरत की छाया दिखाई दी जिसे देखते ही उसके दिल की धड़कनें तेज

होती गई और वह दरवाजा ढूँढती हुई पीछे की ओर भागने लगी। भागते भागते उसने

दरवाजा ढूँढ ही लिया और बाहर आते ही बेहोश होकर गिर गई।

“मैंने तो तुम्हे पहले ही कहा था।

मजाक की भी कोई हद होती है। ” “दादी मुझे क्या पता था कि

नीता इतनी डर जाएगी। ” दादी और दीपक दोनों डरे हुए थे। नीता के चेहरे पर पानी

छिड़का पर वह होश में आने का नाम नहीं ले रही थी। “दीपक शायद इसे

गहरा सदमा पहुँचा है मेरी बेचारी बच्ची को डरा दिया। ”

ट्रिंग ट्रिंग

“दादी मैं देखता हूँ। हेलो हेलो! दीपक मैं नीता की माँ “आँटी आप ठीक तो हैं ना मैं और

नीता खेल रहे थे। “ये तुम क्या कह रहे हो? नीता का प्लेन क्रैश में देहांत हो गया।

यह कहते हुए वो रोने लगीं.....

ALUMNI SPEAK

Black Ice, a famous B Boy crew in India, was formed by two talented B Boys, **Naser and Likith who graduated from our college in 2009**. They have inspired and trained countless boys and girls who aspire to be professional B Boys and B Girls some day.

Q: Do you have any message to CMR PUC?

Likith: Thank you for letting Black Ice happen!

Naser: Yeah. If it wasn't for CMR, Black Ice wouldn't be there at all.

Q: A message to Nandini Ma'am...

Naser: She's the sweetest and most encouraging person I've ever met. She can be very strict but at the same time she's really sweet. She's the best principal I've ever known. She gave us so much support and encouragement which we had never received before.

Likith: When we came back winning, she was always so happy for the two of us.

Naser: She always appreciated us and she was genuinely happy for what we did unlike the others who were just happy about our medals.

Q: How do you balance dance and studies?

(Likith takes dance class every weekend)

Likith: It's just proper management of time. I don't have college during the weekends and I have nothing else to do except dance. So weekends to me are only dance and weekdays are all college. (Engineering)

(Naser does his BBM in CMR IMS)

Q: How did you start learning B-Boying?

Naser: We formed a crew for the Taika battle (2008). I started crip walking back then and Likith was born with stunts...and the groove and the style...but mainly born to do the flair. Anyhow we won the battle and after that we stuck together and that's how we got our crew name as well from the MC who called out "Black Ice Crew" when it was our time to perform and we thought, 'Oh that's us.' We liked the random name he gave us.

Q: How was Freeze formed?

Naser: In 2009 we decided to have a battle for just the Bangalore B Boy crowd, basically Black Ice. It took place in White Tiger. We got looted!

BUT there was a battle and that's how it started. The following year it was a bit bigger and there were quite a few people. However, 2011 was HUGE and way better. Each year it just keeps improving .

Melissa says, "They are hard working, down to earth and a fine example of achievers from our college.

I wish you good luck Likith and Naser in your future endeavors.

And to the readers, hope this is the best insight you have got of them so far".

**INTERVIEWED BY MELISSA GOJER

PRAGATI V REDDY - BATCH OF 2011

They say you can't get the best of everything,

I beg to differ. From the Best Principal, Best teachers and Best college mates ,we had it ALL.

The right amount of freedom given and the right set of rules to follow, the college has moulded us into fine individuals.

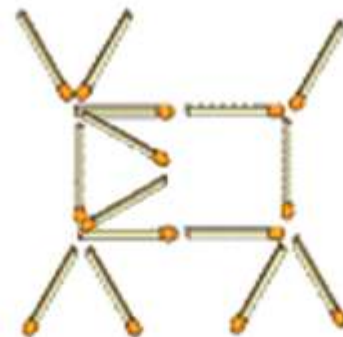

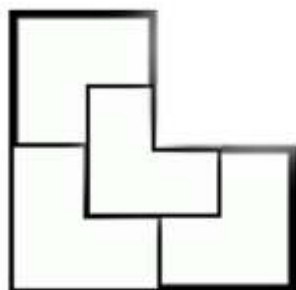

I will always be grateful for all the wonderful things the college has done for me.

Sadly, I can never be a part of the college again but the two years I spent will always be the most memorable treasures of my life

"It's the sense of belonging that comes with the feeling of Pride to have been a part of CMR National PU College!"

The 4th child is directly opposite the 20th child.
Since $20 - 4 = 16$, there are 16 children in half the circle.
(Note that half the circle includes one child out of the 4th child and the 20th child.)
Thus, there are 32 children altogether in the full circle.
