"Tempus fugit! Tempus fugit! The birds have flown, The sun has set for another day...."
-Anonymous.

As the length of another year has almost been traversed, we cannot but look back and delve into the months we spent with much rarity and class. The going to be grads have much to look back and treasure while the new comers have much to look forward to. No opportunity went unrelinquished, no prize without claim and of course, no gossip went without an ear! Yet it goes without saying that more than just another rat-race, it was a merry stroll with 25ml enthusiasm, 25 ml rigour, 25 ml fun and an infamous 25ml of seriousness to give a joyous precipitate of Heaven knows what!!

Certainly, we the members of the editorial team-found fun in all the decision making, compiling, pressure and not to forget the hither-thither running to get the tasks done! Literally, it was more fun than work. A hearty gratitude to all those zealous students and teachers who have contributed to this magazine. Though the real passion and talent of all students cannot be defined within the borders of this magazine, yet we have given it a try to forge out new ideas to produce mystically hued magazine. A heart felt gratitude to all the teachers who put forth their guidance and support.
